SUMMARY:

I'm a web developer and designer with a passion for technology and continuous learning, currently gaining hands-on experience in web development and UI/UX design.

EXPERIENCE:

WEB DEVELOPER **2024 - 2026**

MSCSC, Dhaka - Bangladesh

In this club, I was a web developer who provided them with a club management website and managed the data of all members through that website.

FREELANCER **2025 - 2026**

Self-employed

Designed and developed a fully responsive, modern portfolio website tailored to the client's personal brand. Implemented custom UI components, smooth navigation, and optimized media assets to ensure fast load times and seamless cross-device performance.

EDUCATION:

NOTRE DAME COLLEGE, DHAKA **2026 - Present**

Higher Secondary Certificate (HSC), Science

HSC in Science candidate active in web development and campus technology clubs.

MONIPUR HIGH SCHOOL **2015 - 2025**

Secondary School Certificate (SSC), Science

Completed SSC with GPA 5.00 in Science, leading IT activities for the science club.

CS50 **2024 - 2025**

CS50x: Introduction to Computer Science

Rigorous coursework covering C, Python, SQL, algorithms, data structures, and web fundamentals.
